

## OUR FABRICATED PARTS – CARBON STEEL HYDRAULIC COIL TILTOR MACHINE

### Fabrication Experience -

- Maximum Material Thickness 65mm
- Equipment Weight 4.5 Ton
- Load Capacity 15 Ton
- Hydraulic Actuated

## OUR FABRICATED PARTS – HARDOX & CARBON STEEL MOBILE GRABS & FORK

### Fabrication Experience -

- Largest Capacity : 7.5 Ton
- Equipment Weight : 3 Ton
- Largest Size : L2.2m X W2.4m X H3.5m
- Hardox Plate Thickness : Up to 25mm

## OUR FABRICATED PARTS – CARBON STEEL CEMENT BELT BUCKET ELEVATOR

### Fabrication Experience -

- Fabricate And Install
- Size : L2m X W1.2m X H30m ( Double Chimney )
- Fabrication Lead Time : 30 Days
- Installation Lead Time : 10 Days

## OUR FABRICATED PARTS – STAINLESS STEEL TANKS AND VESSELS PART 1

### **Fabrication Experience -**

- SS316L Gas Scrubber Vessel Dia2.6m X L12m
- In Accordance To ASME Boiler And Pressure Vessels Design Standard Section VIII
- 3rd Party NDT Tested – Radiography Test
- Hydrostatic Tested
- Complete Pickling And Passivation Process .
