

OUR FABRICATED PARTS – STAINLESS STEEL TANKS AND VESSELS PART 2

Fabrication Experience -

- SS316L Pressure Vessel Dia3m X L12m
- In Accordance To ASME Boiler And Pressure Vessels Design Standard Section VIII
- 3rd Party NDT Tested – Radiography Test
- Hydrostatic Tested
- Complete Pickling And Passivation Process .

OUR FABRICATED PARTS – STAINLESS STEEL TANKS AND VESSELS PART 3

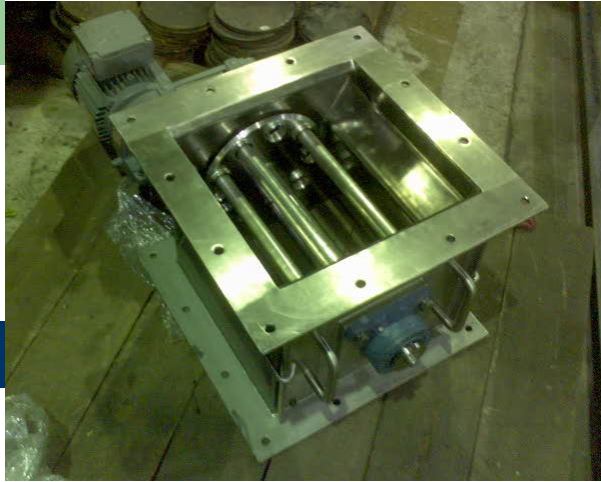

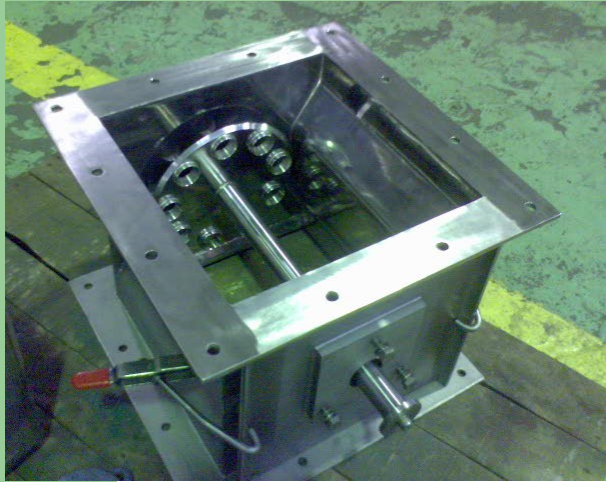

Fabrication Experience -

- Storage Tanks For Powder Processing Industry
- Internal Finish To Grid 220

OUR FABRICATED PARTS – STAINLESS STEEL ROTARY VALVE & SEPARATOR

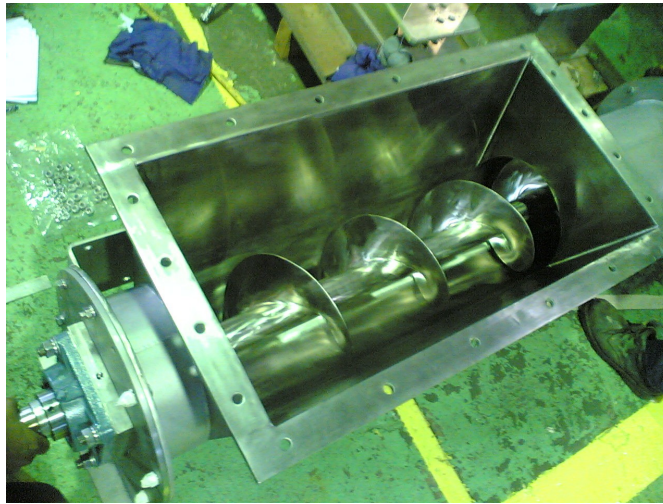

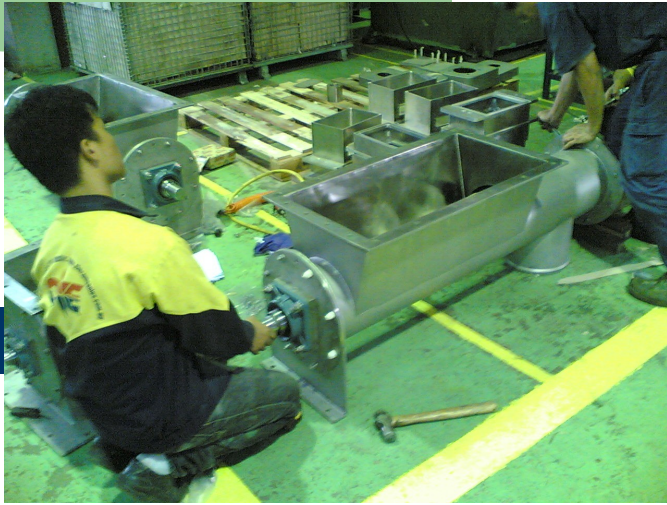

Fabrication Experience -

- Customised Magnetic Separator
- Customised Rotary Valve

OUR FABRICATED PARTS – STAINLESS STEEL SCREW CONVEYORS

Fabrication Experience -

- Screw Conveyor For Powder Processing Industry
- Internal Polish To Grid 220
